

## Scientific training groups

- Microbiology
- Biotechnology
- Physics
- Geology
- Pharmacology
- Biochemistry
- Chemistry
- Medicine
- Computer science

## Research groups

- Biology
- Chemistry
- Computer science
- Geology
- Physics

## Courses

- Bioinformatics
- Nanotechnology

- Python
- Cancer Biology
- Genetic engineering
- Neuroscience
- Quantum computing
- AI and machine learning
- Data analysis
- Stem cells
- Safety
- Clinical research
- Scientific research
- Embryology
- English academic writing
- Soft skills
- Marketing
- ICDL
- Graphic design
